

The **Vitae annual programme 2025-26** brings together three key themes aimed at supporting researcher developers

Connect and Create: Developing Solutions for Researcher Development

Our aim is to ensure participants leave these sessions with practical, realistic, and achievable solutions to support them in their work.

Connect and Create: Sustainable Researcher Development	Wednesday 18 March 2026 Vitae member only
Supporting Others Through Change (Without Carrying It All)	Thursday 21 May 2026 Vitae member only

Find out more about the below events and
register your interest to be made aware
when bookings open!

Evidence and Insight: Supporting and Understanding Researcher Careers

This theme explores how data, evaluation, and shared experiences can deepen our understanding of researcher careers

Embedding the Vitae Researcher Development Framework (RDF)	Thursday 29 January 2026 Vitae member only
Evidence and insight: evaluating researcher development	Wednesday 11 February 2026 Vitae member only
Researcher Career Tracking - What Do Researchers Do?	Tuesday 3 March 2026 Vitae member only

Policy and Practice: Championing Sustainable, Inclusive and Supportive Research Environments

In this theme we'll explore how institutions and individuals can drive positive change through leadership, collaboration, and shared responsibility.

Using CEDARS Insights to Drive Change	Wednesday 19 November 2025 Vitae member only
EURAXESS Webinar - Horizon Europe focused event	Wednesday 14 January 2026 Open access
